AYEYAR HINTHAR HOLDINGS CO., LTD.

Professional Education Programmes For Director

The stakeholders and the Board members of AYHT has mandate the principles for each board member to attend or participate in corporate related trainings where necessary to be more effective in bringing strategic value to the company success when they develop strong understanding and successful implementation of the corporate governance best practices.

As part of the Board principle or future vision of AYHT, the company top management and the Board should have better understanding its business direction, strategy, corporate responsibility, and accountability of the corporate governance best practices.

AYHT strongly encourage all Board members to take courses either individually or as a group at where professional business courses or programmes for corporate executives. The vision of AYHT is that all Board members have equal understanding of corporate best practices, the role of acting as a chairman of the meeting and to manage Board in crisis, identify the strategies, structures and processes that makes the Board driving force behind the company's success.
